OUTLINES.

It is evident that the Republicans of Ohio will get together for Taft for President, Foraker for Senator and Harris for Governor; Boss Cox, of Cincinnati, gave that slogan out last night, and Foraker says it suits him; a party conference has been called at Toledo for next Wednesday to bring about harmony in the Republican party.——At Boise, Idaho, yesterday, Judge Wood denied the motion of the defendants, charged with the assassination of Governor Steunenberg, for a bill of particulars as to the overt act; the trial will, therefore, begin today with Haywood, Moyer and Pettibone as the principals on trial; already 50 press representatives are on the ground and elaborate preparations are being made to send the proceedings to the press.——At the Jamestown Exposition yesterday the Duke de Abruzzi, commanding the Italian squadron, received on his flagship a number of Virginia Italians and also received an official call from Vice-Admiral Ijuin, the Japanese commander. ——In Atlanta yesterday the Masons of Georgia laid the cornerstone of a magnificent seven-story temple, to be built of marble, granite and steel.——Serious strike times are feared in New York, as from 10,000 to 12,000 longshoremen are out.——By the burning of a building in Kansas City, it is feared the loss of life many reach 20.——The French steamer Poitou has been wrecked off the South American coast and probably 40 or more lives were lost.——New York markets: Money on call, steady, 2 1-2 to 3 per cent., ruling rate, 2 3-4 to 3, closing bid, 2 3-4, offered at 3; spot cotton 15 points higher, closing steady at 11.90 for middling; flour, firm but quiet; wheat steady, No. 2 red, 90 1-2 elevator; corn steady, No. 2, 59 1-2 elevator; oats steady, mixed, 47 1-2; turpentine, firm; rosin, firm, strained common to good, 4.90 to 4.95.

A biologist writes in the New York Sun that "sharks are harmless." Still we will go right on keeping our eye on the land sharks.

Don't be too gay. The twittering of many a bird has merely served to attract the attention of a boy with a sling shot.

The New York Press (Rep.) now expresses the conviction that "plenty of noise is the basis of fame." Some people found that out long ago and have been showing us how to make the noise that wins.

The papers ought to give Mayor McNinch, of Charlotte, a rest. By this time he may know just as well as the editors that a man is wasting his time helping John Temple Graves hold down the end of a live wire.

A story writer says: "There are times when a man feels like returning to his old love." Probably he gets over the feeling when he can't make up his mind which one of them to return to.

In some quarters there seems to be rejoicing because the "business men's ticket" carried the day in Charlotte. Some of the rejoicers probably feel that way under the impression that the new administration will make prohibition odious.

The subject of water transportation is attracting renewed attention all over this country. By the way, no man in the country has said more in speeches and writings to emphasize the great importance and value of water transportation than Congressman John H. Small, of North Carolina.

Charlie Moore, president of the North Carolina branch of the Southern Cotton Association, and a good one he makes, declares that "not enough thought is given to cotton." He is a good cotton evangelist all right, and wants us to do every thing we can for it, except to spit cotton.

"How can we tell who is a Democrat?" inquires a contemporary. We don't like to butt in, Bud, but whenever you hear a man telling a hard luck story right after a Presidential election you may know it's no use for him to be going around wearing a tag.

The Atlanta Constitution is authority for the statement that President Roosevelt confesses that he has not "had a dream since childhood." Well, how does he expect to have any dreams himself when he lies 'wake o' nights laying plans to make some of his old friends have the nightmare?

The Baltimore Sun inquires: "Is light injurious?". We concluded a couple of years ago that it is, or at any rate is something to be dreaded. We reached that conclusion when the Republicans in Congress strenuously and successfully resisted the efforts of the Democrats to have the light turned on in the Departments at Washington by a Congressional investigation. Had you forgotten it?

KILLING AT CASWELL

Enraged Husband Shot His Wife and Corporal Who Lifted Her From Ground.

THEN WAS HIMSELF KILLED

Relative of Woman Shot Took Swift Vengeance Upon Slayer and Prevented Other Trouble—Shooting at U .S. A. Post.

(Sepcial Star Correspondence.)

Southport, N. C., May 8.—Fort Caswell was the scene of a terrible tragedy this afternoon about 3 o'clock when Private Henry Hamilton, of the 198th Company, shot his wife three times, seriously wounding her; also seriously wounding Corporal Watson, of the 31st Company, and finally being killed himself by Commissary Sergeant Uberwald, brother-in-law of Hamilton's wife. Details of the horrible tragedy are conflicting and rather meagre at this time, owing to the strict orders at the post, forbidding the affair to be reported by any of the members of the garrison, but your correspondent gathered the following from a reliable source which is correct in all probability:

It seems that Hamilton and his wife had been at a disagreement for several days on account of some family trouble and the disagreement must have been brought to a head this afternoon when Hamilton, who was a clerk in Commissary Sergeant Uberwald's office, left the office after telling Uberwald that he intended to kill his wife, immediately going to his house at the post, procuring a 38-calibre Smith & Wesson revolver with which he shot at his wife twice in the house, one of the shots taking effect in her hip, the other shot going wide of the mark.

Mrs. Hamilton ran out of the house and it was at this time that Corporal Watson, who had been to post the new guard, was passing the house and, seeing Hamilton rush from the house and hearing the shots, went to her assistance. Hamilton had followed his wife from the house and seeing Corporal Watson lifting her from the ground, he at once opened fire on him, inflicting a wound in his left breast, from which he fell. Hamilton then shot his wife again, the ball taking effect in the abdomen.

It was at this time that Uberwald, who had followed Hamilton to the house, opened fire on him with an automatic shotgun, shooting him twice full in the face, at close range, some of the shot also taking effect on Corporal Watson who was in the line of fire; these wounds not being fatal, however.

The accounts here are conflicting, several witnesses saying that Hamilton turned his pistol on himself, shooting himself in the breast. The three wounded persons were at once taken to the post hospital where they received medical attention from Dr. Smart, the post surgeon, and Doctors Sprague and Dosher, of Southport. Hamilton lived only a short time, but it is now thought that Mr. Hamilton and Corporal Watson will recover, although both wounds are serious in the extreme. Mrs. Hamilton's wounds may prove more serious than at first expected.

Hamilton had only been married a short time, having married a sister of Mrs. Uberwald. His home is in Columbus, Ga., and it is understood he came from a good family there, who have been notified of the terrible tragedy.

Mrs. Hamilton was a widow with several children when she was married to Hamilton and was also from a prominent Western family.

It is understood that Hamilton was not drinking in the least at the time of the tragedy and family disagreements are the only supposed cause for the terrible deed.

SILVER TEA A SUCCESS

Delightful Affair By Ladies Last Night in Parlors of The Orton For Most Commendable Cause. Fine Musical Program.

The Silver Tea given last evening in the parlors of The Orton, under the auspices of St. Agnes' Guild of St. James' parish is spoken of as having been a most delightful affair in every respect. It was for the benefit of the fund for maintaining the District Nurse in Wilmington and it is gratifying to know that a goodly sum was realized for this most worthy cause. The reception or tea was one of the most elaborate affairs of the after-Easter season and there were a large number of among the most prominent people of Wilmington present.

The hours of the tea were from 6 o'clock in the evening until 11 at night. The decorations were pretty indeed and all who were in attendance were charmed with the beauty of the place and the entertainment afforded. In addition to dainty refreshments there was a programme of music and other exercises of a captivating nature. The musical programme was especially good and enlisted such favorite local musicians as Mrs. J. M. Coin, Mrs. A. M. Waddell and Mrs. E. M. Gregg, in instrumental numbers; Mrs. Wm. G. Eaton, Mrs T. M. Green, Mrs. Anne DeRosset Harris, Miss Nannie Watters, Mrs. Longfellow, Miss Maude Bulluck and Mr. W. G. Krafft, in vocal selections; Mrs. J. D. Edwards, with violin solo; the Acme Male Quartette, in quartette selections; Mrs. Longfellow, Miss Adrian, Mrs. J. D. Smith and Mrs. Greene Fenley, in quartette selection, with accompaniments by Mrs. Waddell, Mrs. O'Keefe and Miss Cannie Chasten.

The work of the District Nurse has demonstrated itself as an absolute necessity in the city and the ladies of St. Agnes' Guild have done much toward encouraging the charity as well as providing an evening of rare pleasure for the large number of their guests last night.

"CANDICAPPS," IF YOU PLEASE.

Name Selected from Large Number for New Confectionery Store.

"Candicapps," a name suggested by Miss Janie Styron, No. 814 Orange street, was the one selected yesterday by the committee for the new confectionery and ice cream parlors which Mr. D. L. T. Capps will, on or about the 15th of May, open in one of the handsome new stores recently erected by Messrs. Morris Bear & Bro., on Princess street, next door west of the Bell Telephone office. The name was selected as the most suitable from about 250 others and Miss Styron was presented the handsome gold-handled silk parasol, which was offered as the prize to the lady making the most appropriate selection, and which has been on display in the window of Zoeller's jewelry store, on Front street. The committee which opened the leteers containing suggestions and selected the winner was composed of Messrs. T. H. Wright, W. A. French, Jr., H. O. Wallace, J. M. Hall and George Davis. The presentation of the parasol to Miss Styron took place yesterday afternon, this pleasant duty having fallen to Mr. Morris, who will manage the soda fountain and ice cream department of the new business.

Messrs. C. W. Hollowbush and Capps have just returned from Atlanta, where they completed the purchase of the fixtures for the new place and these have been shipped. Mr. Hollowbush is associated with Mr. Capps in the new enterprise and they propose to have one of the most up-to-date establishments of its kind in the State. The stock will be large and varied and the best of trade will be catered to.

PRESBYTERIAN MEETINGS.

Rev. Mr. Stough Being Heard by Large Congregations.

Rev. Mr. Stough, the Chicago evangelist is being heard by large congregations at the First Presbyterian Church and a great revival is expected to result from the series of meeting now going on. Last night the congregation was the largest of those yet held during the week and the interest was greater. At the morning praise service at 8:20 o'clock yesterday there were 200 in attendance and deep interest was also shown there. The meeting yesterday afternoon was a good one and the promise of much good is being held out from day to day. Mr. Stough preaches forceful, practical sermons that are engaging the undivided attention of those who hear him. Last night his subject was "Prayer," and the theme was most interestingly and convincingly set forth. This afternoon the meeting will be at 4 o'clock instead of 3:30 as heretofore and the theme will be the "Need of Prayer," following up the subject of last night's sermon. The usual twenty minutes prayer service will be held this morning at the same hour and tonight at 7:45 o'clock the service will open with songs led by Mr. Reynolds, who is being heard with great delight by the large congregations.

The invitation is extended to every one to attend these services, irrespective of denomination, and all are assured that the meetings will prove helpful and interesting.

FEW CASES HEARD

Yesterday's Session of United States District Court Mainly Without Interest.

ED SMITH GETS FIVE YEARS

Negro Who Raised Money Orders and Passed Them on Wilmington Merchants—Order in "Green Swamp" Land Suit—Others.

With the possible exception of the case of Ed. Smith, the negro recently brought here from the Atlanta prison to stand trial for raising postoffice money orders and passing them in his own unique way with the co-operation of Jimmie Burns, who was sent up for a term of five years from this county about a year ago, the proceedings of yesterday's session of the United States District Court were not interesting. Ed. Smith, who had just completed a term of two years in the Atlanta prison from another State for the same offense, submitted his case here and was given five years in the same prison from which he came. Postoffice Inspector S. H. Buck, who cleverly trapped the money order operators, both colored, but very slick with their swindle which was operated on an extensive scale in several States, was the only witness yesterday, and he gave the court the benefit of his knowledge of the criminals with the result as above stated.

Court convened yesterday morning at 9:30 o'clock as usual and received the verdict officially in the case of Grant Porter, of Cumberland county, which was disposed of Tuesday afternoon. The judgment with other cases tried during the day are as follows:

Grant Porter, Cumberland, retailing; verdict guilty; four months in jail, $100 fine and costs.

Frank Deberry, Scotland, illicit distilling; pleaded guilty; 30 days in jail, $100 fine and costs. Judgment later suspended and defendant discharged.

T. J. Gore, New Hanover, re-using stamped cask, section 3326; compromised with commissioner of internal revenue.

Tom Boggan, Robeson, retailing; pladed guilty; 30 days in jail, $100 fine and costs.

Neal Thigpen, Duplin, retailing; pleaded guilty; six months in jail, $100 fine and costs.

H. B. Stackhouse, Robeson, retailing, 30 days in jail, $100 fine and costs.

Ed. Smith, New Hanover, raising money orders; pleaded guilty; five years at hard labor in Atlanta penitentiary and to pay costs.

W. A. Maultsby, Cumberland, retailing; jury out since 12:30 P. M.; mistrial at 8:30 o'clock last night.

Louis Hoskins, Cumberland, retailing; verdict not guilty after adjournmnt of court.

Handy Holmes, Cumberland, retailing; called and failed; judgment nisi sci fa and capias.

Leon T. Cook, Esq., of Maxton, N. C., attorney at law, was sworn in during the day and admitted to practice in the Circuit and District Courts of the Eastern District.

It is likely that none of the admiralty cases will be heard at this term but that Judge Purnell will return in June to pass upon these cases.

One civil suit was taken up yesterday—that of the Waccamaw Land and Lumber Company against the Gardner-Lacey Lumber Company, involving the title to some of the famous "Green Swamp" lands in Brunswick and Columbus counties. Plaintiffs made a motion to continue. Judge Purnell set the matter for a hearing upon his return here in June. He will at that time entertain a motion by defendants to dismiss the plaintiff's bill in equity on the ground that the court has no jurisdiction in equity over the same. The plaintiffs are represented by Messrs. Meares & Ruark and the defendants by Messrs. Jno. D. Bellamy & Son and Rountree & Carr.

OFFICERS SWORN IN

Mayor and Newly Elected Board of Aldermen Enter Upon Administration.

DEPARTMENTS ARE FILLED

All Old Officials and Employes Retained With Two Exceptions. Meeting Reasonably Harmonious—Committees Named.

Mayor-elect William E. Springer, for a second time in his public career, yesterday afternoon at twenty-five minutes past noon assumed the reins of municipal government in Wilmington, making a brief inaugural address in which he pledged his very best effort toward giving the city a model government, pleading for harmony and co-operation in all branches of the city government and adverting to the increased responsibility upon the Board and upon himself with the carriage of the bond issues for the municipal ownership of a water and sewerage system and for a comprehensive system of street improvements. The Mayor's remarks were well received by members of the Board and by some two hundred spectators who gathered in the room to witness the induction of the new officials into their places.

The Mayor's inaugural immediately followed the organization of the newly elected Board, members of which had just previously been sworn in before City Clerk and Treasurer Fowler across the hall. Mr. I. M. Bear, the member-elect from the Third ward, with Mr. R. H. Northrop, is in New York for treatment by a specialist and consequently could not take his seat. Alderman W. H. Yopp remains at Alderman from that ward until the qualification of his successor and, therefore, it was not necessary for him to be sworn in. When the members came across the hall to the council chamber, Alderman T. W. Wood, from the Second ward, was the first inside the railing. Then the others came in as follows: Messrs. Rathjen and Karr, Wood and O'Brien, Second ward; Yopp and Northrop, Third ward; Bolles and French, Fourth ward, and King and Jewell, Fifth ward. On motion of Mr. Wood, Mr. O'Brien was called to the chair. Mr. O'Brien stated that the first business would be ratification of the action of the Democratic primaries by electing the Mayor. Mr. Springer had arrived and stood at the railing. Mr. French moved the election of Mr. Springer. This was seconded by Mr. Rathjen and was uanimously carried. Mayor Springer took the chair in the midst of appaluse. Mr. King moved the election of Mr. O'Brien as Mayor Pro Tem. The Mayor interrupted to say that the member from the Fifth ward would please wait a moment and the oath of office was administered to him by Justice of the Peace John J. Furlong. The Mayor then thanked the Board for the honor conferred upon him and made a brief inaugural address, the salient features of which are given above. At the conclusion of the Mayor's remarks, Mr. Wood moved to adjourn until night. This was declared to be carried by an aye and nay vote, but Mr. Karr asked for a division. The Mayor stated that a division could not be called after the vote was declared, but that some member could move to reconsider. This was done by Mr. O'Brien with second by Mr. Rathjen and unanimously carried. Mr. Northrop moved to proceed with the election of subordinate officers and employes and this was also carried.

Alderman O'Brien was unanimously elected Mayor Pro Tem. upon motion of Mr. Northrop, seconded by Mr. King. Mr. O'Brien briefly thanked the Board for the honor and took his seat amidst applause.

Mr. Northrop moved the election of Mr. John J. Fowler as city clerk and treasurer, second by Messrs. Wood and Bolles and unanimously carried. Mr. Northrop nominated Col. C. H. White as assistant clerk and treasurer and he too was elected unanimously, the nomination being seconded by Mr. Bolles. Mr. Wood nominated Marsden Bellamy, Jr., for city attorney, and this too was carried unanimously.

The first semblance of a division in the ranks of the Aldermen came when Mr. Karr nominated for re-election Chief of Police Nathan J. Williams. This was seconded by Mr. Rathjen. Alderman Bolles arising in a neat little address paying high tribute to the man, nominated Capt. Walter G. MacRae. This was seconded by Alderman W. A. French, Jr., who also paid high tribute to Capt. MacRae, who had, however, no knowledge that his name was to be presented. The vote was called by rising and Chief Williams was re-elected, six to four, those voting for him being Messrs. Northrop, Wood, Karr, O'Brien, Rathjen and King. The election of Chief Williams was received with applause by the spectators.

For captain of police Mr. Karr nominated for re-election Capt. Geo. W. Smith, seconded by several. Mr. French nominated Sergeant C. S. Burnett, paying him a high tribute as an officer and as a man. Capt. Smith received the unanimous vote except Messrs. Yopp, French and Bolles.

GROWTH OF COTTON MANUFACTURING.

That the world will need a big cotton crop is assured by the growth of the cotton manufacturing business both in the United States and in Europe. The Star recently referred to the big increase of spindleage in England and Germany, and it turns out that there has also been a marvelous growth of the industry in Italy.

With all the new mills and additions to mills here and in Europe, we should say that the outlook for the cotton producer was never better. American Consul W. H. Bradley, at Manchester, England, informs our government:

"The latest figures as to the number of new mills built since 1905, and their capacity, has just come to hand. They give 99 new mills, having a capacity of 8,865,968 spindles. These mills are nearly all working, or will be working this year, and add an item toward the question of the cotton market for the coming season.

"As yet no great amount of cotton is produced in any new centres. Egypt may give a slightly increased yield, but India, I believe, will show a diminished product. It looks, then, as if —should the present market for cotton yarn and piece goods hold, which seems probable—that American cotton planters need not fear a much reduced price for their staple."

Consul Bradley regards the increase of spindleage in England as enormous, and with the increase in continental Europe, he estimates that there will be at least 20 per cent. increase in the consumption of raw cotton in 1907 as compared to 1905. This would mean an increased demand of 3,101,230 bales, or a total demand upon European, Egyptian and Indian cotton growers for 18,607,485 bales in 1907. The supply from the cotton growing world is short of that amount by 825,048 bales, so there is a deficit that indicates that there will continue to be a scramble for cotton.

Concerning the profits and prosperity of the cotton manufacturing industry, the following is taken from recent United States consular reports:

"A Manchester correspondent of a London journal states that the first three months of this year has been one of the most prosperous periods ever experienced by cotton-spinning companies in Lancashire. The results of the stock takings of various companies show that large gains have been made. A number of concerns did not issue balance sheets, but where figures are available the profit works out at about 35 per cent. per annum on the share capital. In most cases the dividend paid is at the rate of 10 per cent. per annum. Large sums, however, have been written off for depreciation and reserve funds are steadily increasing. On the whole position of spinners is well maintained, and the margin of profit between the raw cotton and the finished yarn is remunerative."

The conclusion to be reached is that good prices for raw cotton are bound to prevail. Considering the facts to which we have referred above the Atlanta Constitution remarks:

"We could not ask any better evidence from the foreign markets of the fact that the producer has been more than reasonable in his demand for a fair price for his cotton. Internal evidence has proven the justness and correctness of the attitude of the Farmers' Union in fixing the minimum price for cotton at 11 cents, nor could it be more strongly supported than by what we have quoted as to conditions in Europe.

"It is evident from these and other facts which we have from time to time presented, that the producer holds the whip handle, and it is up to him to wield it. By presenting a united front through the Farmers' Union, and living up to regulations agreed upon providing for a proper marketing of the crop, the producer is in a position to enforce his demand for a fair, equitable and living price for his crop.

"In the face of such gigantic extensions of the manufacturing industry, in dicating a rapidly growing demand of profit between raw cotton and the finished product, there is evident opportunity for the producer to secure a profit to which he has, in great masure, been deprived. There is a way to do it, and the Farmers' Union is gradually working out that way."

Considering the increased demand for cotton, and the increased cost of growing it, the price of cotton is even short of what it should be.

COREY'S NEW CATCH.

The Savannah Morning News makes this note of the love affair between multimillionaire Corey, of Pittsburg, and a pretty New York actress:

"Mabelle Gilman, the spry young actress who has come back from Paris to New York to marry W. E. Corey, president of the steel trust, went to a photographer's the other day to have her picture taken in her wedding hat. The rumor that she was in the studio spread like wildfire, and in a few minutes the whole street in front of the studio was jammed and packed with people, mostly women, elbowing each other, trampling on toes and craning their necks to get a glimpse of her. The curiosity of the crowd was typical of New York, and had been whetted just a bit by the information that at breakfast that morning she had been surrounded by $250 worth of roses, sent by her doting lover."

It surely is a giddy crowd that will do like those New York people, but they do not draw the line betwen Nan Patterson, Evelyn Thaw, or Mabelle Gilman. The fuss over the Gilman grl, however, compels us to think that if Corey had lavished his diamonds and flowers on his wife before their divorce troubles, he would not have had his family affairs aired in court and the newspapers. However, the Gilman girl was the cause of the trouble, and it seems that Corey was "engaged" to her before he went out of commission with his wife.

—Some people are wondering if Marion Butler will not soon become a member of the President's Ananias club.—Greensboro Tar Heel (Rep.).

—Say that Butler is a political exile from the State if you will, but it is yet remembered how well he delivered the goods at the last State convention.—Greensboro Tar Heel (Rep.).

—Here come two Greensboro men who allege that a Norfolk hotel charges $17 a day for a room without bath. Before passing judgment on the hotel people we would like to be informed whether or not the Greensboro citizens are related to the Eastern North Carolinian who bought a $250,000 bank building in Norfolk for $800.—Salisburg Post.

—The growing possibility that the would-be State of Oklahoma, whose construction out of Oklahoma and Indian Terrtory was authorized by the last Congress, may be refused admission to the Union for no other reason than Democratic control, must be most distasteful to every lover of our institutions. Why does President Roosevelt, with whom the matter rests, remain silent?—Charlotte Observer.

—A dispatch from Wilson, N. C., says: "At an election held in Black, this county, today saloons defeated the dispensary by 21 to 8." The best method of handling the liquor question always has been and ever will be a question for dispute, but every farminded man, whether he be prohibitionist or advocate of high license, will admit that saloons have no place in a village of 20 voters. It is not to be supposed that conditions will be any better than at the cross roads distillery, which was for so long a time a menace to the safety of our rural population.—Salisbury Post.

—North Carolina leads her sister States in the establishment of a permanent Peace Society. Such a society has just been organized at Wilmington and is composed of some of the most prominent personages of the State. The formation of this society follows the recent Peace Congress held in New York city, and the delegates from this State who attended were the moving spirits in the organization of the North Carolina Peace Society. It is not to be doubted that the other States of the Union will follow the course of North Carolina and will each organize their several societies for guaranteeing peace.—Charlotte News.

—The value of a well guarded milk supply was attested in a report made by Dr. I. W. Faison, at the final meeting of the old board of aldermen last night. Dr. Faison submitted figures stating that in 1903, 29 children under three years of age died of bowel disease; in 1904, 19 children died of the same complaint, in 1905, 20, and last year only 9. In making this report Dr. Faison "did not claim that all of this was due to better milk, but he claimed the most of it was and, and even a fraction of the good which it has already done is enough to pay for the trouble and expense." Dr. Faison is right in both of his contentions, and he deserves much credit for the part he took in the rather complicated task of securing a pure milk supply for Charlotte.—Charlotte Chronicle.

ONLY ONE "BEST"

Wilmington People Give Credit Where Credit is Due.

People of Wilmington who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures n Wilmington. Here's Wilmington testimony:

B. R. King, the well known policeman, residing at 706 Wooster street, Wilmington, N. C., says: "I had terrible pain in my back, which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines, and they did not help me. I put on plasters, and rubbed it with liniment, and none of them helped me. Seeing Doan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes I have not had an ache or pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

—Some people are so constituted that whatever is done to further their own views or interests is right, while the same thing done in opposition to those views and interestts is wrong. Of course it is improper and dangerous that elections should be carried by money and highly reprehensible that corporations should place the prospective rulers of the country under heavy pecuniary objections. But it would be no more a conspiracy for certain wealthy classes to contribute funds now to the defeat of Mr. Roosevelt or his substitute than it was in 1904 for the same elements to put up hundreds of thousand of dollars to ensure his success.—Norfolk Landmark.

—Continuous Performance: "What did your wife say when you came home the other morning?" "If I remember right, she started in to ask me Jerome's 13,000-word hypothetical question, but I fell asleep long before she reached the finish."—Cleveland Plain-Deale.

—At Raleigh on Tuesday the Secretary of State chartered the Pamlico Washington Railway Company, with principal office at Washington, N. C., the object being to construct, equip, operate and maintain a line or lines of railway for the transportation of passengers, mail, freight and express along and over the streets of Washington and of towns within a radius of 50 miles from the centre of the city and along public highways connecting such towns with each other. The authorized capital stock is $100,000, with $300 subscribed. The incorporators are Messrs. J. S. Hogden, L. B. Cox and E. J. Hocutt.

My Best Friend.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by R. R. Bellamy, Druggist. 50c and $1.00 Trial bottle free.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff half life long, accompanied by falling hair too. The only way in the world to cure dandruff is to kill the dandruff germ and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ leaves the hair free to grow as health Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WIDOW BRINGS BODY HOME

Funeral Party Arrives in New York From Japan With Remains of Man Worth $52,000,000—His Will Is Discussed.

(New York Times, May 6.)

The body of James Henry Smith, who died in Japan while on his wedding trip around the world, arrived in this city last night, accompanied by Mrs. Smith, her daughter, Anita Stewart; her son, William Rhinelander Stewart, Jr.; the Duke and Duchess of Manchester, and Eugene Zimmerman, of Cincinnati, in whose private car the party traveled from the Pacific Coast. Immediately upon their arrival it was announced by Mrs. Smith's son that they know of no other will than the one made by Mr. Smith two days after his marriage to the former wife of William Rhinelander Stewart, of this city.

This will is the one that was brought to this country a week ago by Sir George Cooper, whose wife, Lady Cooper, is a sister of Mr. Smith. It disposes of the estate of $52,000,000 or more, and is supposed to leave $3,000,000 to Lady Cooper, $2,000,000 to Mr. Smith's widow, and the rest to various members of the Smith family and to charity. It will be read tomorrow afternoon, following the funeral of Mr. Smith, which will take place at 10 o'clock in the morning from St. Bartholomew's Church.

One of the first questions asked Mr. Stewart as he left the private car at the New York Central Station last night was about the last will of his stepfather, a will which was reported to have been made after the one to which he ascribed his name in Scotland in September, a few made land in Sptember, a few days before starting with his bride on their honeymoon trip.

"We know of no other will," said Mr. Stewart. "I am sure I do not, and I have heard the family speak of no other."

For the first time an authentic description of the last days of Mr. Smith was supplied last night by the Duke of Manchester. The Duke and his wife were lifelong friends of Mr. Smith and accompanied him and his bride to Japan. The Duke said he was anxious to correct many conflicting statements which had appeared regarding the cause of his friend's death. Mr. Smith died of Bright's disease and pneumonia, he said.

THE HUMAN THROAT.

It Has a Sort of Little Brain That Controls Its Actions.

Did you know that the throat has a brain of its own? Few people are aware of it, but it's a fact. There is a small ganglia which exercises direct control of the muscles of the throat and acts as its brain. Of course it is subservient to the genuine brain, but at the same time does a good deal of independent thinking for itself. It is very timid and suspicious of any strange objects that come near the throat.

For this reason it is very difficult for a physician to operate on the throat. Before anything can be done in this direction it is necessary for the operator to gain the confidence of the little brain that dominates it. It frequently takes weeks before this confidence can be secured, and until it is secured it is impossible to perform an operation.

Woe to the man who attempts rough treatment to the throat before gaining the little brain's confidence. His operations will be resented with violent paroxysms, first of the throat, then of the diaphragm, and, if the operator still persists, the patient will be thrown into convulsions. Still more curious is the fact that this little brain has h memory, and if once frightened in this way it is almost impossible to ever gain its confidence, no matter how gentle the operator may be.

Historical Accuracy.

Perish the thought that the novelist or playwright should be tied down to historical accuracy! Lady Dorothy Neville quotes an amusing correspondence between Bulwer Lytton and her brother:

My Dear Walpole—Here I am at Bath—bored to death. I am thinking of writing a play about your great ancestor, Sir Robert. Had he not a sister Lucy, and did she not marry a Jacobite?

My brother promptly replied:

My Dear Lytton—I care little for my family and still less for Sir Robert, but I know that he never had a sister Lucy, so she could not have married a Jacobite.

However, this mattered little to Lord Lytton, for his answer ran:

My Dear Walpole—You are too late! Sir Robert had a sister Lucy, and she did marry a Jacobite.

So, in defiance of history, the play "Walpole" came to be written.

Artists as Sign Painters.

It is surprising how many noted English artists began life by painting inn signs. Among them were Morland, David Cox, Herring and Sir William Beechey. Millais painted a George and Dragon sign for the George inn, Hayes common. Another George and Dragon, at Wargrave on Thames, has a double sided sign painted by two R. A.'s. Goring on Thames has a sign from the brush of Marcus Stone, R. A. There are signs by Walter Crane and Caton Woodville at Grayshett and Fittleworth. Hogarth painted a number of signs for friendly publicans.

—The vote in the Recorder's Court election in the county will be canvassed this morning at 11 o'clock at the Court House by a canvassing board to consist of one election officer to be chosen by the other two from each ward and precinct. The result is so overwhelmingly against the court that very little interest is manifested in the official returns.

—The new and modern cottages now in process of erection at Wrightsville Beach will be completed and ready for occupancy the first part of June. The five-room cottages, small size, will be rented for $150 per year; the larger ones for $200 per year, and the eight-room ones for $250 for the year. See announcement of J. G. Wright & Son elsewhere in today's paper.

MARRIED AT ATKINSON.

Miss Allie Vaiden ePterson Bride of Mr. M. W. Johnson.

(Special Star Correspondence.)

Atkinson, N. C., May 8.—A very pretty wedding took place here this morning at 8:30 o'clock in the Baptist church, when Mr. Marvin William Johnson, of Clear Run, Sampson county, led to the marriage altar Miss Allie Vaiden, a daughter of Mr. and Mrs. W. W. Peterson, of this place. The church was beautifully decorated with bamboo, ferns and other potted plants. To the sweet strains of Lohengrin's march the wedding party entered the church as follows: Miss Bertha Peterson, maid of honor, with Mr. Haywood Page; Miss Elizabeth Cobb with Mr. C. D. Murphy; Miss Katie Smith with Mr. W. H. Peterson; Miss Allie Swinson with Mr. W. R. Peterson; next came the flower girls, little Misses Clyde Lewis and Lillian Butler, followed by the bride gowned in a handsome white silk, attended by Mrs. C. S. Cromartie as dame of honor. These two met the groom attended by his best man, Mr. O. J. Powell, at the altar, where Rev. C. H. Utley, pastor of the church, in a few well chosen words, performed the ceremony. During the ceremony the flower song was played very sweetly.

The wedding party left the church while Miss Martha Hawes, organist, for this occasion, skilfully rendered Mendelssohn's wedding march. Messrs. E. A. Hawes, Jr., and E. E. Murphy acted as ushers. The large number of handsome presents received shows the popularity of this couple, among their friends. Mr. and Mrs. Johnson left on the northbound train for the Jamestown Exposition and other places of interest.

For Memorial Day.

Persons having flowers to contribute for use in the Memorial exercises which will be held on Friday, May 10, are requested to kindly send them to the armory of the Wilmington Light Infantry on Friday morning. A committee of ladies from Cape Fear Chapter will receive them there and prepare them to be used at the Cemetery. All members of Cape Fear Chapter of the Daughters of the Confederacy are urgently requested to meet at the Lodge in Oakdale cemetery on Thursday morning at 10 o'clock, and Thursday afternoon at 4 o'clock, to make laurel wreaths to be placed upon the graves of the soldiers buried in the cemetery.

Odeon Changes Hands.

The Odeon moving picture theatre on Market street, opened some time ago by J. F. Dahmer, of Charlotte, has been taken charge of Birmingham and Charlotte parties, who announce that they will make a number of improvements and conduct the place in a thoroughly up-to-date and pleasing manner.

The Magnolia Club.

The Magnolia Club will hold a meeting at the Red Men's wigwam on North Front street Friday night, at which time it is expected that here will be considerable addition to the membership. Those who have joined are expected to be present and prepared to pay the dues as it is proposed to get the Club thoroughly organized at this meeting.

OFFICERS SWORN IN

(Continued from first page.)

The sergeants of police, Messrs. Woolard, Burnett, Grimsley and King, were then nominated by Mr. Karr and they were unanimously elected. Mr. Karr then asked for the re-election of the police force and janitors just as they stand today with substitutes to include S. J. Bryant. This also was unanimously carried.

Fire Chief Chas. Schnibben and Assistant Chief W. P. Monroe were then nominated by Mr. Rathjen, seconded by Mr. Bolles, and unanimously carried by acclamation. Mr. Rathjen then read the names of the firemen at all the stations just as they stand with the substitutes and these were also re-elected without opposition.

Dr. C. T. Harper, City Superintendent of Health; Chief Quarantine Officer Robert Green and Health Officers C. I. Shepard, E. W. Hewlett and J. H. Holton were then nominated for re-election and these nominations were also unanimously carried. Mr. Karr had also nominated D. W. Willis and Mr. Wood had nominated R. A. Biddle, but these were withdrawn until the present officers were re-elected and then Messrs. Willis and Biddle were elected, provided the Board of Audit and Finance would concur in the salaries for the two extra men.

Dr. T. B. Carroll was unanimously elected milk inspector upon motion of Mr. Northrop.

Upon motion of Mr. Jewell, Messrs. T. H. Johnson, O. H. Kennedy and Jos. Cumber were re-elected clerks of Front street, Fifth ward and First ward markets, respectively. Later upon motion of Mr. Bolles, Marsh Walker was re-elected janitor of Front street market. Alderman Bolles explained that Walker, although colored, had been a life-long Democrat and a faithful employe.

Mr. Wood nominated for city engineer Mr. C. R. Humphreys, saying that his application was endorsed by Capt. Walter G. MacRae and there could be no higher testimonial. Mr. Karr nominated for the position the firm of Matthew & O'Brien, the present incumbents. Later the firm name was withdrawn by Alderman O'Brien and Mr. Humphreys was unanimously elected, this having been the first change made in the personnel of the present lesser officials and employes.

Mr. Yopp placed Mr. J. M. Woolard in nomination for superintendent of streets, speaking of his former high record and reading some endorsements of him. An application for the position was read from Mr. M. F. Costin, but he was not nominated by any member of the Board. Mr. O'Brien nominated the present incumbent, Mr. Pickett, seconded by Mr. Karr. Mr. Pickett was elected by a vote of six to four, Messrs. Yopp, Wood, French and Bolles being the minority.

Mr. Rathjen nominated Mr. H. E. Bonitz for re-election as building inspector. An application for the position was read from Mr. D. Rountree, but he was not placed in nomination. Mr. Jewell nominated Mr. John J. Furlong, seconded by Mr. Bolles. Mr. Wood asked if Mr. Furlong had knowledge of construction work and Mr. Jewell explained that Mr. Furlong formerly worked at that trade and was a thoroughly competent man. A petition was read from architects of the city suggesting the impropriety of electing a competitor to pass upon their work. Mr. Bonitz had read in his behalf a streng endorsement from State Fire Insurance Commissioner Young. The vote was called as between Messrs. Bonitz and Furlong, Messrs. Yopp, Wood, French, Jewell and Bolles supporting the latter and Messrs. Karr, O'Brien, Northrop, Rathjen and King ,supporting Mr. Bonitz. The vote having been a tie the Mayor cast the tie in favor of Mr. Furlong and he was declared elected. This was the second and last change to be made in the personnel of the present officers and employes.

Jeff Merritt was elected foreman of the street force and the street hands were elected as a whole as they now stand. Mr. C. H. Ward was elected rock weigher at the city quarry.

On motion of Mr. Northrop, Mr. R. H. Grant was unanimously re-elected plumbing inspector.

R. S. Reville applied for the position of "captain of the trash carts," but a strong endorsement of L. F. Harper was read for the position of superintendent and there was no reason for a change in the opinion of the Board and he was re-elected unanimously.

Mr. Bolles nominated Mr. L. M. Bryant as superintendent of the slop carts, but it was explained that this work was now done by contract and no election was made. B. F. Turlington was re-elected keeper of the pest house and Mr. S. L. Yopp cattle weigher.

Mr. O'Brien asked if there were "any more worlds to conquer" and being informed that all the offices had been filled, a motion was made to adjourn. The Mayor craved the indulgence of the Board while he announced his standing committees for the year. They are as follows:

Finance—Messrs. Bolles, Bear and O'Brien.

Sanitary—Messrs. Bear, Jewell and Karr.

Markets—Messrs. Rathjen, King and Karr.

Lights—Messrs. Northrop, O'Brien and Bear.

Streets—Messrs. O'Brien, Bolles and French.

Police—The Mayor, Messrs. French and Jewell.

Water—Messrs. Wood, Bear and Karr.

Fire—Messrs. French, Rathjen and Bolles.

Public Buildings—Messrs. Jewell, Northrop and French.

Ordinances—Messrs King, Bolles and Wood.

Mr. Karr, of the First ward, was the only member on the Board not given a chairmanship of a committee, but he is placed on the Market and Water Committee, membership on the latter being regarded as important.

The formal declaration of the vote in Tuesday's election was then made and the Board adjourned apparently in the best of humor and in great harmony. A caucus had been held previous to the open meeting in the Mayor's office, which had been appropriately decorated with palms and flowers by some lady friends of the Mayor who desired to play him a compliment in this respect.

As before stated the only changes in the present list of employes and officers of departments is that of City Engineer and City Building Inspector. The question has been raised as to Mr. Furlong's being eligible to the office of magistrate and building inspector but it is said that there will be no conflict in the duties, under the law.

BLOODSHED IN SAN FRANCISCO.

Four Will Die As Result of Tuesday's Riot—Strikers Savage.

(By Wire to the Morning Star.)

San Francisco, Cal., May 8.—A conference was held in the Mayor's office today between Mayor Schmitz, Patrick Calhoun, president of the United Railroads, and Richard Cornelius, president of the Carmen's Union. The Mayor proposed that the case be submitted to a committee of fifty citizens to be appointed by him. President Calhoun did not accept the suggestion, but stated that he would see his colleagues in reference to the matter and give an answer later. President Cornelius said that while he had no objection to the appointment of such a committee he could not agree to its acting as a board of arbitration. The Mayor in closing the discussion declared his intention of appointing the committee regardless of the opinion of either Calhoun or Cornelius.

At 2:50 o'clock this afternoon two cars manner by strikebreakers left the carbarn at Oak and Broderick streets going west toward the ocean beach. The two cars finished their trips at 4:40 o'clock and were then run into the carbarn.

The trip was made without much difficulty. At one point a man in a buggy drew a pistol, but a dozen policemen were after him before he had time to shoot. The man dropped the revolver and ran, but was soon captured. At another place a carpenter working on a building threw at the car with a hatchet. He was a prisoner in less than a minute.

A telephone lineman driving a wagon on between the cars, tried to hit a mounted policeman with a pair of heavy pliers.

The temper of the police was radically different from that of yesterday. Today they showed a disposition to watch the cars and prevent union men from throwing missiles. Each car was manned by a half a dozen men, none of whom was armed.

Of the 25 people injured in yesterday's fight between the strikebreakers and the crowd, reports from the hospitals today indicate that four more will die. Nearly all the other wounds proved to be superficial and most of the wounded have been removed to their homes.

Thornwell Mullaly, assistant to the president of the United Railways, stated today that the company had a number of affidavits showing that the shooting yesterday was begun by persons in the crowd trying to obstruct the movement of street cars and not by the men who were operating them.

Sacramento, Cay., May 8.—Adjutant General Lauck received the following telegram from Governor Gillette last night: "Things look serious. Have everything ready to move if necessary. As heretofore, take every precautionary measure."

METROPOLITAN HANDICAP.

Racers Gathering in New York for $10,000 Prize.

(By Wire to the Morning Star.)

New York, May 8.—The Metropolitan handicap will be run at the opening of Belmont Park tomorrow and indications point to one of the strongest fields that has ever lined up for this $10,000 prize. While the number of horses that will go to the post is not large as n previous years, the entrants are of a class that guarantees a great race.

Roseben, the big sprinter of the Johnson stable, has been a favorite in the overnight betting at 2 to 1. Tanya, Dandelion, Sewell, Glorifier and Dishabille are looked upon as having almost equal chances next to the favorite. The fact that Jockey J. Martin will ride Roseben is expected to improve the chances of the favorite, as Martin knows his disposition thoroughly and has handled him in many of his big races.

Sewell, ridden by Brusset, will have a strong following, as will also Harry Payne Whitney's Tanya, with Korner up. Last year's Brooklny handicap winner, Tokalon, with a comparatively light impost, fancies the distance, one mile, and will be a strong contender. August Belmont's Blandy, with Montain up, is considered as an outsider in the betting, as the horse has not shown striking form in previous races this Spring.

INCIDENTS OF A GREAT WORK.

Home By Salvation Army. Two Unfortunates Sent to Rescue

Quietly, unostentatiously and with no flare of trumpets the Salvation Army is carrying on a most valuable work in Wilmington, not only in the interest of the great cause which they represent as a band of Christian workers, but in the interest of humanity. The latest evidence of this great work was the seeking out and sending to their rescue home in Philadelphia last night of two young women of the halfword, unfortunates who were made to desire to return to the pure life and accepted the haven offered by the Salvation Army as the only one open to them. One of these unfortunates was a girl from the country who had been in the city little more than three weeks. Mrs. Yates, wife of the adjutant in command of the local post, heard of the case, sought the young woman out and constrained her to seek once more the life from which she had fallen. The two were accompanied to the train yesterday evening by the army corps, and were given every encouragement to begin life anew in the home prepared and maintained for them in Philadelphia by the National organization of the Salvation Army.

CHAS. FOWLER CAPTURED.

Escaped Convict Captured by Officer George at Chadbourn, N. C.

Charles Fowler, colored, serving 30 days on the county roads for disorderly conduct and held there to be returned for trial in the Superior Court on a charge of shooting Mr. Murray, of Acorn Branch, on Nixon street, a week or two ago, made his escape from the county convict camp last week, though the guards fired several times at him as he retreated A reward of $100 for the capture of the prisoner and his return to this county was offered by Supt. Hocutt personally and by the county and last night Policeman Leon George effected the negro's arrest at Chadbourn, bringing the negro to Wilmington on the late train last night. Officer George, through a negro at Chadbourn, located Fowler yesterday and went down to Chadbourn on the afternoon train to make the arrest, which was accomplished without difficulty.

The escape of Fowler from the chaingang was kept quiet for some reason, and few except the officers knew of his being wanted, as no advertisement was made in the newspapers.

To Elect Rev. Rhoe's Successor.

Elsewhere in today's paper will be found an announcement, calling a meeting of the congregation of the First Baptist Church, colored, on the night of the last Thursday in May for the purpose of electing a successor to the Rev. John Henry Rhoe, the pastor, whose resignation was recently recommended after a certain time by the council of white ministers, which assembled to settle the differences which at one time threatened to disrupt the church. It is understood that Rev. Rhoe is now not willing to vacate the pulpit and the meeting will be for the purpose of declaring the same vacant and electing a successor, in accordance with the recommendation of the council.

TWO-CENT FARE ENJOINED.

Judge Pritchard Grants Injunction At Richmond Yesterday.

(By Wire to the Morning Star.)

Richmond, Va., May 8.—United States Circuit Judge Pritchard tonight granted an injunction and restraining order in the suit of the Southern Railway Company against the clerk and members and Corporation Commission of Virginia, thereby preventing them from publishing their order putting the two-cent passenger rate in effect in this State. The bill is made returnable before Judge Pritchard in Asheville, N. C., on June 27.

At the same time Judge Pritchard granted a similar order in the suit of the Southern Railway Company against members of the Corporation Commission, the Attorney General and the Assistant Attorney General of North Carolina in the same way, restraining those officials from publishing and putting into effect the new law providing for a passenger rate of two and one-quarter cents. The North Carolina bill is returnable before Judge Pritchard in Asheville on June 26. The North Carolina suit refers to both passenger and freight rates.

While this matter is thus brought to a head by the Southern road, it is upon what seems to be high authority that all other transportation companies affected will come in as parties.

"Bobby" Walthour, of Atlanta, the American bicycle rider, met with a serious accident at Erfurt, Germany, on Sunday. After winning of fifty-kilometer heat against Vanderstuyft, Walthour fell from his wheel just after crossing the finish line, striking his head against a wooden railing. He was carried to the hospital unconscious.

LONGSHOREMEN STRIKE GROWS.

Between Ten and Twelve Thousand Out in New York.

(By Wire to the Morning Star.)

New York, May 8.—That serious trouble is anticipated as an outgrowth of the strike of longshoremen became apparent this afternoon when police Commissioner Bingham issued an order to all commanders of station houses in the greater city directing them to hold all extra men in reserve. Between ten and twelve thousand longshoremen are now on strike, and nearly every steamship line with connections in this city is affected.

MANY LIVES LOST IN FIRE.

Kansas City Building Burned and Death List May Be 20.

(By Wire to the Morning Star.)

Kansas City, Mo., May 8.—Fire this afternoon destroyed the Pepper Building, a five-story structure at Locust and Ninth streets, and it is feared that the loss of life may be from 3 to 20, with 20 injured. Soon after the fire started t was seen that the building, which was considered a fire trap, was doomed, and efforts were directed toward saving lives. The building was occupied by Montgomery Ward & Co., and more than 200 persons, mostly girls, were employed. The fire gained rapid headway. Men and women appeared at the upper stories appealing for help. Many of the girls were rescued.

SPIRITS TURPENTINE

—The Swansboro Land and Lumber Company, of Swansboro, in Onslow county, has filed with the Secretary of State, at Raleigh, an amendment to its charter authorizing the increase of its capital stock from $150,000 to $225,000.

—High Point, May 7: The census of High Point, just completed, shows that there are 11,241 people living in this manufacturing city. At the rate of increase the past two years High Point will have 15,000 by January 1, 1909, or a little over one year and a half.

—Henderson, May 7: A young white man, named Otho Hathcock, was run over by the shifting engine in the yards here Saturday night about 8 o'clock. Both legs were severed and Hathcock died Sunday from the loss of blood. He was an operator at one of the cotton mills.

—Greensboro, May 7.—Ernest Keech, aged 20, son of Mrs. Lucy Keech, of this city, was instantly killed at Chattanooga, Tenn., this morning by contact with a live wire, while engaged as superintendent of linemen for the East Tennessee Telephone Company. The remains will reach here tomorrow en route to Tarboro, has former home, for burial there.

—Winston-Salem, May 7: The North Carolina Chair Association, the membership of which is composed of the chair manufacturers in the State, held its annual meeting in this city this afternoon. There were formal discussions regarding trade conditions, etc. Officers were elected as follows: President, F. S. Lambeth, of Thomasville; first vice-president, J. R. Meyers, of Thomasville; second vice-president, O. E. Mendenhall, of Lexington; secretary and treasurer, C. J. Field, of High Point.

—Raleigh News and Observer: That the North Carolina building at the Jamestown Exposition is to be ready for occupancy by the 20th of May, five days ahead of the contract time, is the information received yesterday by Commissioner General Joseph E. Pogue. He received a letter yesterday from Mr. J. D. Elliott, of Hickory, the contractor, who says that the keys to the building will be ready for the committee on Saturday. Col. Pogue says that the building is splendidly constructed, and that its handsome appearance will delight all.

—Raleigh News and Observer, May 8: Deputy Marshal J. P. Jordan and Deputy Collector W. G. Pool, made a raid a few miles from Durham Saturday and seized an illicit distillery, which had been taken out of the furnace and sunk in a deep hole of water. The still and several hundred gallons of beer were destroyed. Deputy P. H. Adams captured a forty-gallon still and three hundred gallons of beer in Johnston county Saturday. The plant was not in operation at the time.

—Spencer, May 7: Southern Railway passenger train No. 38, northbound, was ditched about 15 miles north of Spencer at midnight last night and Lee Vaughn, colored, fireman on the engine, was severely injured. Engineer A. R. Rowzie, who was at the throttle, was slightly hurt in the crash. The accident occurred on top of a hill south of Lexington and is said to have been caused by the locomotive splitting a switch at an intersection of the new double track. The train was running only about 20 miles an hour at the time. No. 38 is a solid Pullman train and one of the finest on the Southern system. It is considered miraculous that none of the passengers was injured in the accident. Engineer Rowzie, who is one of the best engineers on the road, was seriously injured several years ago when the Buffalo Bill show train was wrecked at about the same place where the accident occurred last night.

—Statesville, May 7: When the sewer ditch cave-in occurred in Statesville March 8th resulting in the death of six negro men at work in the ditch, the city authorities realized that, as a matter of course, action would be taken against the town by the heirs of the men to recover damages. Knowing that if the matter came to court much expense would be attached to settling the claims with the heirs, the Board of Aldermen, the city attorney and Mayor held a number of conferences soon after the accident with the negroes to see if the claims could be adjusted without going to court. As a result, a few weeks ago an agreement was reached with the heirs of Lee Moser, one of the men killed, who accepted $750 and signed a contract that the matter was legally settled. Yesterday the city authorities reached a settlement with he widows of Arthur Grant, Riley Howard and John Woods. The amount paid the widows was $750, the same amount paid Moser's estate. This disposes of four cases. The others will possible be settled in a few days.

The people of North Carolina recognize that the Keeley treatment is no experiment—it is an old and established business. **

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, May 8.—The cotton market was more active today and after some early hesitation ruled decidedly firm, with prices reaching a new high record for the bull movement. The clase was very steady at a net advance of 10 to 20 points. Sales for the day were reported at 450,000 bales. The opening was steady at an advance of one point on near months. During the early session fluctuations were comparatively narrow and irregular, but the eastern belt forecast calling for further rains was followed by a flood of private crop reports claiming damage from wind and rain storms in various sections of the belt, there was an improvement in the volume of outside demand, part of which was from Southern sources. The market soon became very firm, the advance being led by July. That position sold at 10.71 in the late trading and closed at 10.70, while January reached as high as 10.88 and closed at 10.87. Numerous private reports of a bullish character concerning the outlook for the crop as a result of too much wet weather were the features of the day, in connection with the predictions for continued rains, and the increasing demand from through wire and commission houses. Southern spot markets were unchanged to 1-8c higher.

Receipts at the ports today, 11,380 bales, against 12,479 last week, and 15,188 last year. For the week, 65,000 bales, against 72,826 last week, and 68,347 last year. Today's receipts at New Orleans, 4,849 bales, against 5,999 last year, and at Houston, 2,035 bales, against 1,427 last year.

Spot cotton closed steady, 15 points higher. Middling uplands, 11.90; middling Gulf, 12.15; sales, 200. Futures opened steady and closed very steady.

The buying of new lines of carpets is proceeding on very full measure.

BOOM GROWING FOR JUDGE TAFT

Evident That Ohio Will Be Solid For Him For President.

MR. FORAKER CATCHES ON

Boss Cox Gives Out Slogan of Taft For President, Foraker for Senator, and Harris for Governor. Party Conference Called.

(By Wire to the Morning Star.)

Cincinnati, O., May 8.—W. H. Taft, for President; J. B. Foraker, for U. S. Senator, and A. L. Harris, for Governor, is the programme advised today by George B. Cox, formerly Republican leader in Hamilton county in an interview with the Associated Press. Reports from Columbus and Washington had named Mr. Cox as engaged in negotiations looking toward a compromise between Taft and Foraker forces, but Mr. Cox denied such suggestions. As to the Ohio situation, he said:

"Our watchword should be 'Success of the Republican Party' and to achieve this we should support W. H. Taft for President; J. B. Foraker for United States Senator, and A. L. Harris for Governor."

When the attention of Senator Foraker was called to the statement, he said:

"I have just read what Mr. Cox says. If I understand him correctly he makes a specific recommendation addressed to the Republicans of Ohio, as to what their action shall be in the convention of next year. I am not sure it calls for any response from me, but I will repeat that I do not want any politcal honors at the hands of Republicans of Ohio except with their hearty indorsement. Therefore, if what Mr. Cox suggests and recommends should meet with their approval, no one will support Secretary Taft more cordially than I shall."

Columbus, O., May 8.—A. I. Vorys, State Commissioner of Insurance, and manager of the Taft campaign in Ohio, declined this evening to comment on the statesment issued by George B. Cox of Cincinnati, advising the Republicans of Ohio to agree on William H. Taft for President; Jos. B. Foraker for Senator, and Andrew L. Harris for Governor. Mr. Vorys tonight left for his home at Lancaster.

Party Conference Called.

Toledo, O., May 8.—Walter F. Brown, chairman of the Republican State Central Committee, stated tonight that he will issue tomorrow a call for a meeting of that committee at the Buckeye Republican Club, Columbus, on Wednesday, May 15. The purpose of the meeting will be to participate in a party conference to which will also be invited the members of the Republican State Executive Committee, the chairmen of the various county executive committees and the Republican members of Congress, to the end that a definite expression may be secured in regard to the party's choice for the Presidential nomination and that party harmony may be secured. Mr. Brown said:

"Since the State convention in 1905, over which Secretary Taft presided as chairman, I have believed him to be the logical choice of the Republicans of Ohio for the Presidency in 1908 and I heartily favor the movement to secure for him an unequivocal endorsement at this time. In my judgment, the meeting of the party leaders and joint committees at Columbus next week, will result in an unanimous expression in favor of Secretary Taft."

BROTHER OF KING OF ITALY.

Duke de Abruzzi Received Virginia Italians at Jamestown.

(By Wire to the Morning Star.)

Norfolk, Va., May 8.—The Duke de Abruzzi, commanding the Italian squadron now in Hampton Roads, today received aboard of his flagship, the Varese, a commission from the local Italian colony, presented by Italian Vice Consul Arturo Parati, who formally welcomed the Duke to Norfolk, and extended to him the hospitality of the Italians resident in Virginia. The commission was composed of Dr. R. Ruggieri, S. Pesce, F. Galgano, P. Rotondi, A. Lagiglia and S. Purpura.

The Duke de Abruzzi, this afternoon received officially aboard of the Varese, Vice Admiral Ijuin, commanding the Japanese squadron, upon whom the Duke called yesterday.

Arrangements are today being concluded for the departure tomorrow of th Duke de Abruzzi for Washington, for his visit to President Roosevelt at the White House, probably Friday and a two or three days stay in the National Capital.

FRENCH STEAMER WRECKED.

Probably 40 to 50 Lives Lost Off South America.

(By Wire to the Morning Star.)

Montevideo, Uruguay, May 8.—The French steamer Poitou from Algiers, is ashore off San Jose Ignacio. It is feared that there has been serious loss of life.

The Poitou struck thirty yards from the shore at a spot called Rincon de Herrero. Panic broke out on board the vessel when she grounded and a great number of terror-stricken people jumped over board. Some of them swam ashore, but many were drowned. Customs officers at Rincon de Herrero saved fifty out of the 300 passengers who are said to have been on board.

Several steamers have left here for the scene of the wreck, and the governmnt is doing everything to succor the shipwrecked people.

An official dispatch from Rincon de Herrero says that up to 10 o'clock this morning nearly 200 of the passengers of the stranded French steamer Poitou had been rescued and were being sent to this city.

FAMOUS TRIAL WILL OPEN TODAY

Idaho Court Will Arraign Miners For Assassination of Gov. Steunenberg.

FIFTY REPORTERS ARRIVE

Elaborate Preparations for Sending Proceedings to Newspapers—Accused Men Were Alluded to By President Roosevelt.

(By Wire to the Morning Star.)

Boise, Idaho, May 8.—The motion of a bill of particulars filed by the defense in the case of W. H. Haywood, secretary and treasurer of the Western Federation of Miners, charged with the murder of former Governor Steunenberg, was denied this morning by Judge Fremont Wood.

Counsel for the defense noted an exception to Judge Wood's ruling. They then announced that they would be ready for the trial to proceed tomorrow. Haywood was remanded to the custody of the sheriff and court was adjourned.

By overruling the motion of the defense for a bill of particulars setting forth what overt acts, if any, there were, to connect the accused with the murder of former Governor Steunenberg, Judge Fremont Wood, of the District Court of Ada county, cleared the way for the trial of William D. Haywood, secretary of the Western Federation of Miners, which will begin tomorrow morning.

Judge Wood held that the request of Haywood's counsel for a more explicit statement of the charges against the prisoners came too late, regardless of whether it might have been entertained at an earlier stage of the procedings. In cases where bills of particulars are allowable, Judge Wood, who is to preside over the trials of the accused miners, declared the motions must be made before the indictments are pleaded to, before the cases are set for trial.

Haywood is the first of four men accused of complicity in the Steunenberg murder to be tried. The others Moyer Pettibone and Orchard, the last of whom is said to have made a confession, will be tried as circumstances dictate, following the conclusion of the proceedings against Haywood.

The prisoner, his counsel, and the attorneys specially retained to present the case and plead the cause of the accusing State, are ready for the long ordeal in court, the first and one the great tasks of the court, is to procure a jury, and that will be commenced tomorrow morning as soon as Sheriff Hodgin has intoned the formal cry opening the court.

The victim of the Caldwell assassination, long a conspicuous figure in the political life of the State, was possibly known to hundreds of citizens of Ada county, and personal alignment and partisanship on the labor question in which the prisoner and his co-defendants were for a long time active leaders, is general, so that it is at once a difficult task to find men free from the disqualifications that unfit them for the high duty of a juror.

Many men who know the community well, and who add to their calculation the further handcaps of apprehension of future violence for revenge, take the extreme view that it will be impossible to get a jury, but the weight of opinion is against this extreme conclusion.

One of the counsel for the prison said:

"The broader the scope of the case placed before the State the better we shall be satisfied."

Nearly forty correspondents for press associations ad newspapers have come here to report the case, and special wire arrangements have been made for the transmission of the dispatches.

(By Wire to the Morning Star.)

St. Louis, May 8.—Through his attorney, J. D. Johnson, H. Clay Pierce, chairman of the board of the Waters-Pierce Oil Company, surrendered himself today on the indictment returned against him in Texas, charging perjury in an affidavit he made to the attorney general of the State of Texas, the purpose of the affidavit being to reinstate the Waters-Pierce Oil Company in the State of Texas, from which it had been ousted from doing business on the ground that it was a part of the Standard Oil Company. The surrender was made shortly after noon. Mr. Pierce and his counsel were closeted in conference with the authoritis for some time thereafter.

GREAT OVATION FOR JAP OFFICER

Vice Admiral Ijuin Made Official Call on Jamestown Exposition Staff.

RECEPTION MOST CORDIAL

When Crowd on Grounds Caught Sight of Vice Admiral They Crowded Around Him and He Began Shaking Hands.

(By Wire to the Morning Star.)

Norfolk, Va., May 8.—Vice Admiral Ijuin, commanding the Japanese squadron visiting the Jamestown Exposition paid an expected official call upon the officials of the Exposition this afternoon, accompanied by a staff of six officers and an interpreter. While the reception of the Vice Admiral was a little delayed on account of the management's ignorance of his visit, it was extremely cordial and a very great popular demonstration by the visitors to the grounds added to the warmth of the welcome.

Accompanied by Rear Admiral Harrington, U. S. N., the Japanese party was wending its way towards the office of President Tucker when the crowd learned the identity of the visitors. In a few minutes the admiral was surrounded by several hundred Americans. Catching the spirit of the occasion in a second, the Japanese officer began shaking hands. The officers of the exposition, and a large number of the directors who were at the grounds to attend a meeting came forward and were presented to the admiral.

Later the Japanese party took in the sights on the War Path and then returned to their ships.

SEVEN STORY MASONIC TEMPLE.

Cornerstone of Marble, Granite and Steel Building Laid in Atlanta.

(By Wire to the Morning Star.)

Atlanta, Ga., May 8.—With the impressive ritual of Masonic ceremony the cornerstone of the new Masonic Temple was laid this afternoon incidental to the forty-seventh annual conclave of the Grand Commandery of the Knights Templar of Georgia. The occasion brought to Atlanta more than a thousand Knights from all parts of the State and the South. Additional interest was lent to the occasion by the presence of George M. Moulton, of Chicago, Grand Master of the Grand Encampment of the United States, and W. H. Norris, of Iowa, Grand Standard Bearer of the Grand Encampment, the latter being the orator of the occasion.

The ceremonies were under the direction of Grand Master Max Meyerhardt, of the Georgia Grand Lodge, who introduced Grand Standard Bearer Norris. The impressive Templar service was held tonight at the First Baptist Church, conducted by Eminent Sir Knight William Burry, Grand Prelate, the address being made by Rev. S. R. Belk, rector of St. Mark's Episcopal Church.

The new temple, located at the corner of Peachtree and Cain streets, will rise seven stories. Marble and granite, facing a steel structure, will make the new home of Georgia Masonry one of the most imposing in the South.
